**Description:** Review of Items on the Regular Agenda

**Requested Action:**
**Background:**

The purpose of this item on the study session is to discuss items on the regular agenda. City Administration would like to discuss the Caddell Drain special assessment invoice given the dollar amount and the fact there has been insufficient discussion with City Council. City Administration would also like to discuss the 2014-2015 Work Plan. The attachment in the regular agenda includes the items discussed at the January 25 goal setting session. I would look to make a couple of refinements over the weekend. Finally, if there is any other items on the agenda the City Council would like to discuss.
